**One sunny morning, at Nisa's house,  
Nisa was studying while her mother was  
cooking in the kitchen.**

Nisa, can you help to sweep the house?

yes mom...

nisa, are you done yet?

a little more, mom...

oh, under the table  
that's not clean yet

hey, don't behave like  
that. Do you want your  
husband to have a beard?

that's fine, mom...  
just a little bit  
hehehe...

why? Is there  
any problem?

well, in the javanese, there is a myth that if she doesn't clean the house properly, then she will get a beard husband

huh? what's wrong with the beard?

having a bearded husband means he is a dirty person. He doesn't really care about hygiene, Nisa

then how will he take care of his family in the future?

well, okay mom. I will continue to sweep again

nice, dear. I'm going to buy some vegetables

Nisa's mom  
going to the  
market

**When Nisa's mom arrived at the market,  
there were some neighbors who were  
also shopping for vegetables.**

please have a look.  
All vegetables are  
fresh and healthy.

do you sell tempe  
and tofu, sir?

sure, wait a  
second...

oh hello, ma'am.  
how are you?

hey. I'm fine. are  
you shopping too?

yeah, of course...  
how about Nisa?  
is she alright?

alhamdulillah,  
she's fine. she was  
sweeping...

she had been advised by his  
father. if she doesn't sweep  
clean, then she will get a  
bearded husband later.

it sounds like a  
myth, right?

meh... it's not real.  
It's just a myth

yeah, you are right. that's  
just an old myth. and now,  
men have beards for style

they are even looks  
as handsome as me.

hmmm??

hahaha. this is your tempe,  
ma'am. 2 thousand rupiah  
only...

**After a long time, Nisa has grown up and and has been mature. Nisa has completed her bachelor degree and has got a job. in her mature age, Nisa start thinking about marriage.**

Mom....Nisa has been mature now and also has had a job and own income.....

you're right Nisa...what happen ? is there something ?

Actually....i am think about my marriage later,mom.....

Nisa: why are you suddenly thinking about that ?Actually it's ok

but have you already had a boyfriend? Why don't you tell me?

Yes mom i have an acquaintance from my office

ooh, you have? why didn't you introduce it to your mother?

Yes, the plan is tomorrow he will come and meet you

ohh, tomorrow ?okay

**The next day, Nisa's future husband also comes and  
please sit in the living room**

this is my future husband

Assalamualaikum ma'am  
i am naufaldy, my future  
husband, Nisa

Yes naufaldy, have  
you known Nisa for  
a long time?

yes ma'am I know her  
from work

what are you busy with now?

yes now i'm running a start up business

mom, I will make a drink for naufaldy

ok

Nisa's mother and Naufaldy chatted for a long time, then Nisa's mother approached Nisa to the kitchen

Hey nisa, how come your future husband has a beard, like it's not so neat

Mom doesn't like it, you used to sweep like it wasn't clean

he looks handsome when he has a beard

it's just a myth, mom, he can still shave anyways

Nisa and her mother returned to the living room and chatted with Naufaldy

**4 months later naufaldy and nisa got married, and a  
reception was going on  
And Naufaldy has already shaved his beard**

hey nissa, you finally got married. Wish you a long-lasting relationship

thank you very much, sir

You have to take good care of Nisa, yes, she is a good girl

you have a handsome husband, he has no beard now

In the past, if you did not sweep clean, according to the Javanese, you would get a husband with a beard

ah no it's just a myth

ah, yes you're right, it just an old myth

So, the conclusion is

Even though it's just a myth, we still  
have to respect it and keep taking  
the positive values

This myth is made so that we  
always maintain cleanliness

**Thank you**
